

EBQ™ Electric Grill

NEW!

A high-performance electric grill? Searing is believing.™

The new EBQ™ Electric Grill from Dimplex® delivers the performance of gas with the simplicity, safety and precision of electric power. Eliminate the worries and hassles of gas grills – no hot spots, empty tanks or flare-ups. Now, apartment and condo dwellers can enjoy a great performing grill on their own balconies!

- Perfect for almost any location including balconies where gas grills are impractical or not allowed.
- All 216 square inches of the grilling surface deliver powerful, even temperatures with no hot spots.
- Durable, matte black finish.
- 6 convenient tool holders keep cooking area neat and tidy.
- Durable wheels for easy portability.
- Easy to assemble.
- Dial Light indicates when unit is on.

Just plug it in!
Simply plugs into a standard 120V outlet.

evensear™
ACTIVE HEAT TECHNOLOGY

Active dual element (patent pending) sears while it cooks by heating food directly.

The upper searing element (stainless steel cooking surface) reaches 650° F to lock in flavor and juices.

The lower cooking element simultaneously provides precise, even heat.
